A Guide to **IRRESISTIBLE INVITATIONS**

After years of messages from nameless strangers who seem to assume I've just been sitting around desperately waiting for someone, anyone, to ask me to be their free personal tour guide, here are my big mysterious secrets to getting a YES for a collaborative, mutually delicious connection.

WHO?

Introduce yourself, especially if you're reaching out as a complete stranger.

Do you have a name?

Do we have a connection?

Include relevant demographics: professional or creative overlap, location, age and relationship status (if romantic)

WHY?

Why you? Why me?

Why are *you* inviting *me*?

Why do you think I'd have fun with you?

Why do you think you'd have fun with me?

Why is this ask worth our valuable time and energy?

WHAT?

What are the specifics of the awesome adventure you're initiating?

And where, and when, and for how long, and will there be other people there?

What value are you hoping to add to my life?

What value are you hoping to receive?

What is your goal with this invitation?

HOW?

Clear next steps, please.
